

REMARKS

Applicants appreciate the courtesy extended by the Examiner for a telephone interview on August 14, 2006. In the interview, the Examiner indicated that certain limitations proposed by the Applicants should overcome the cited prior art. Accordingly, those proposed limitations have been included by this Amendment in new claims 42-55 to render claims 42-55 patentable over the prior art of record. All previously pending claims (claims 1-41) are canceled.

The application should therefore now in condition for allowance, and allowance is requested.

Respectfully submitted,

Joseph M. Sauer (Reg. No. 47,919)
